

From Cash Register to Self-Checkout in 5 Seconds

Customized self-checkout terminal in hybrid version

Customized Self-Checkout Terminal in Hybrid Version

- Be up to any rush of customers with individually convertible cash registers.
- Use your personnel capacities depending on the number of customers.
- One handle and the cash register can be switched from a self-checkout terminal to an operated cash register or simply the other way round.

We are your partner when it comes to individual and universal solutions in the checkout area.
